DEPARTMENT OF ORTHOPAEDICS

LIMB LENGTHENING & RECONSTRUCTION SERVICES

M S Ramaiah Medical College & Hospital

**1st International ABC - IPL
1st Applied Bone Cadaveric Ilizarov
Programmed Learning**

7 - 9, Mar 2014 (Fri, Sat, Sun)

Organised by:

Dept of Orthopaedics,

Limb Lengthening & Reconstruction Services, MSRMC

M S Ramaiah Advanced Learning Center

Under Aegis of : **ASAMI (INDIA), OASIS, KOA, BOS**

Dear colleagues,

Limb lengthening & deformity correction by Ilizarov and other methods are challenging to Orthopaedics surgeons. Understanding and learning the details from ABC to operating by ILIZAROV methods and otherwise is the highlight of these workshops. Important lectures to know the Ilizarov components, to its assembling, planning, how to use it, how to operate is going to be what you can learn from this workshop. Having learnt to perform on dry bones, then the further highlight is how to do it on a cadaver. The delegates are taught by the top people from India & also abroad, as you can see in the faculty list with whom you can personally interact to learn more. Come to this 1st International ABC – IPL at MSRALC, B'lore and go back rich in a topic which you always have to improve upon, however experienced you are. By attending these workshops, you will be able to use the principles of Limb Lengthening & Reconstruction by Ilizarov as well as other methods known to you, ultimately benefitting your patient.

Dr Harshad M Shah
