RADAM Course

(Ramaiah Advanced Difficult Airway Management Course)

September 16th, 2018

KMC Accredited Course - Registration limited to 30 delegates

Dear Friends,

It is with great pride and pleasure we announce the 3rd RADAM course "Ramaiah Advanced Difficult Airway Management Course" in Ramaiah Advanced Learning Centre being held on September 16th 2018. This comprehensive one day course is for all grades of physicians wishing to refresh and update knowledge and skills in managing patients with a difficult airway. The course aims to provide practical, hands on experience in airway management to improve standard of practice. There are five hands-on workshops on airway simulation, mannequins and cadavers to reinforce the theory and refine manual dexterity. The course intake is limited to 30 with a high faculty / delegate ratio, in order to enhance learning and to allow delegates adequate time in each station.

We have applied for endorsement by All India Difficult airway association (AIDAA) and will be accredited by the Karnataka medical council.

RADAM Course Objectives

After attending this workshop the learner will be able to:

1. Develop an appropriate airway management plan.
2. Perform airway rescue and routine tracheal intubation with the incorporation of modern optical/video devices;
3. Perform airway routine and rescue airway management with the incorporation of modern supraglottic airways;
4. Apply techniques of invasive airway techniques

Welcome to RADAM COURSE 2016

Course Coordinators

Dr. Vinayak P S

Dr. Yatish B

HOST FACULTY: Faculty of the Department of Anaesthesiology and Pain Medicine, Ramaiah Medical College & Hospitals.
