VAST – Vascular Anastomotic Skill and Training Workshop

Organized By:

**Department of Vascular and
Endovascular Surgery**

Ramaiah Medical College, Bangalore

Venue : Ramaiah Advanced Learning Center

VAST – Vascular Anastomotic Skill and Training Workshop

VAST has been designed for general surgery post graduates, keeping in mind that vascular surgery is a discipline which needs years of dedicated practice to master the fine skills, which cannot be taught in one day. This course will be an eye-opener for the budding surgeon who is contemplating venturing into the world of vascular surgery.

This course will indeed give you a flavour of what you can expect in this discipline. This one day course conducted in the high tech state of the art dry lab in Ramaiah Advanced Learning Centre, guides participants through a series of lectures, demos & hands on session on suturing techniques & instruments used in vascular surgery.

This course can be considered as a first step for training in vascular surgery and at the completion of the course one should have a fair idea in handling vascular emergencies – arterial and venous. The participants will be given a certificate on successful completion of the course.

Course date : August 31st, 2018

Faculty

Chairman: Dr Sanjay C Desai

HOD Department of Vascular and Endovascular Surgery

Organizing Secretary: Dr Chandrashekar A R, Dr Rajendra Prasad .B
