M S R Advanced Learning Centre

M S R Advanced learning center is a one of its kind cadaver surgery training center dedicated to provide quality training in all surgical specialities.

Facilities are available for open surgery as well as all types of minimally invasive surgeries.

Foot and Ankle injuries are one of the most commonly seen injuries in the emergency wards and learning the Foot and Ankle surgical procedures on a cadaver simulated by live patients is an experience by itself.

The objective of this cadaver Foot And Ankle course is to hone the motor skills of young orthopaedic residents & post graduates & to familiarize them with basic approaches to common Foot and Ankle injuries.
