

# High Definition – When detail is everything

## **KARL STORZ FULL HD**

### **KARL STORZ – FULL HD platform**

In medicine, precision and focus are key terms. In order to continue developing and enhancing quality standards KARL STORZ has developed a new tool – the FULL HD platform – which guarantees the user a new visual dimension.

The highest resolution possible – 5 times greater than the standard – combined with the 16:9 format guarantees brilliant picture quality and larger display details.

Now, with an upgrade of the IMAGE1™ CCU, HD quality is becoming ever more accessible to the field of medicine: from the HD camera head right up to the HD WideView™ monitor.

All this is perfectly in line with the KARL STORZ philosophy that all previous IMAGE1™ systems as well as their numerous functions are fully compatible and can therefore be used with the FULL HD platform too.

## One To One Experience Arthroscopic Training

Dear friends

Asian Arthroscopy Congress and Arthroscopy Learning Center along with M.S. Ramaiah Advanced Learning Center is organizing Cadaveric Arthroscopy Courses which will be intense one to one learning experience with national and international experts in arthroscopy. This is course with limited registration with personal learning experience.

Happy Learning !!!!!!!

**Dr IPS Oberoi**  
Convener,  
Arthroscopy Learning Center

**Dr D.C. Sundaresh**  
President  
MRS Advanced Learning Center

- Each participant will have opportunity to work on cadaver and perform Surgical Steps
- Limited registration allows a more personal learning experience
- High Lab to lecture time ratio
- Class faculty and One master instructor per four surgeons
- Equipment from numerous manufacturers available
- An objective, unbiased approach to all subject matter

## About M S Ramaiah Advanced Learning Center

M.S.Ramaiah Advanced Learning Centre established in Dec 2011 has a State of art, one of its kind Surgical Skills Lab, which is a part of the Center's efforts towards supporting the education and training of students as well as Qualified Professionals. This Cadaveric Research and Training unit has been developed with the intention to provide opportunity to learn in a "Operation theatre" like atmosphere and a 'near life' like specimen to work on. To facilitate the Skill lab, the center also boasts of a technically well-equipped Multi media center.

## **CADAVERIC BASIC KNEE MODULE**

---

### **OBJECTIVES**

**The participant will understand the principles of the technique and be able to perform the following arthroscopic procedures**

- Familiarisation with Arthroscopy equipment
- Diagnostic arthroscopy of the Knee Joint.
- Removal of a loose body.
- Synovectomy
- Tricks of Meniscectomy.

## **CADAVERIC ACL RECONSTRUCTION COURSE MODULE**

---

### **OBJECTIVES**

**Upon completion of this course the participant will be able to perform**

- Familiarisation with ACL instruments and fixation devices
- Hamstring single bundle ACL reconstruction
- BPTB ACL reconstruction.

## **CADAVERIC PCL RECONSTRUCTION COURSE**

---

### **OBJECTIVES**

**Upon completion of this course the participant will be able to make decision and perform following**

- When to do PCL reconstruction
- Familiarisation with Instruments for PCL reconstruction
- Steps of single bundle hamstring PCL reconstruction
- Using Postero medial portal for surgery

## **CADAVERIC MENISCUS REPAIR COURSE MODULE**

---

### **OBJECTIVES**

**Upon Completion of course the Participant will be able to**

- Make decision regarding when to do meniscus repair
- Familiarisation with instrumentation and implants for meniscus repair
- Steps of Meniscus repair (outside in, inside out and all inside techniques)

## **CADAVERIC ANKLE ARTHROSCOPY COURSE MODULE**

---

### **OBJECTIVES**

**Upon completion of this course the participant will be able to perform following arthroscopy procedures.**

- Diagnosing ankle problems and evaluating radiologic results
- Diagnostic arthroscopy of ankle joint
- Synovectomy of ankle
- Loose body removal
- Debridment of osteo-condral lesions

## **BASIC CADAVERIC SHOULDER MODULE**

---

### **OBJECTIVES**

**The participant will understand the principles of the technique and be able to perform the following:**

- Familiarisation with arthroscopy equipment
- Diagnostic arthroscopy of the Glenohumeral joint and Subacromial space.
- Identify Intra-articular structures, pathology, and anatomic variations.
- Removal of loose bodies.
- Steps of arthroscopic subacromial decompression and Bankart repair
- Workshop on knot tying lab
- Master shoulder discussion.

## REGISTRATION INFORMATION

### Three Ways to Register

**Mail :** Fill out registration form completely and mail with payment to :  
**Dr. IPS Oberoi, at ipsoberoi@hotmail.com**

### Course Cancellation

ALC reserves the right to cancel a course thirty (30) days prior to the course date. Any person who has registered for the cancelled course will be notified by certified mail at the address indicated on the registration form. Registration fees will be fully refunded, however, other costs incurred by the registrant, such as airline or hotel penalties, are the registrant's responsibility.

### Waiver of Liability

Prior to participation in the cadaveric "HANDS-ON" lab, all registrants will be required to sign a waiver of liability on-site.

### Disclaimer for all programs

The methods, techniques and procedures demonstrated and the views and opinions expressed by speakers, presenters, and faculty are their own, and do not necessarily represent those of the Arthroscopy Learning Centre nor does presentation on the program represent or constitute endorsement or promotion by ALC.

ALC expressly disclaims any warranties or guaranties, expressed or implied, and shall not be liable for damages of any kind in connection with the material, methods, information, techniques, opinions, or procedures expressed, presented, or demonstrated.

### Photo Disclaimers

The Arthroscopy Learning Centre may subsequently use, for publicity or promotional purposes, the name or pictures of any participant without liability or obligation to that participant.

### Questions

**ipsoberoi@hotmail.com**

**Call : 9810511701**

**(The decision of ALC on selection of participants will be final and Standing)**

**Asian Arthroscopy Congress and IAS Arthroscopy learning center along with M.S. Ramaiah Advanced Learning Center at Bangalore will hold courses in basic and advanced Arthroscopy Skills.**

**Courses Offered And Payment Structure :**

Course offered and payment structure	Indian	SAARC Countries	Others Countries
Cadaveric arthroscopic basic knee course.	12000 INR	350 USD	600 USD
Cadaveric arthroscopic ACL reconstruction course.	12000 INR	350 USD	600 USD
Cadaveric arthroscopic PCL reconstruction course.	12000 INR	350 USD	600 USD
Cadaveric arthroscopic meniscus repair course.	12000 INR	350 USD	600 USD
Cadaveric arthroscopic ankle course.	12000 INR	350 USD	600 USD
Cadaveric arthroscopic shoulder course.	120000 INR	350 USD	600 USD

**PLEASE NOTE**

1. Only those participants who have done any basic cadaveric course can register for courses (2 to 6)
2. All these courses run concurrently hence applicant can apply for only one course.
